

Dear Community Member,

On Thursday, May 24, 2018 Chaparral High School will be hosting our graduation commencement for a class of 550 seniors. In support of the national initiative to keep our kids safe, sober and off the streets on the night of this very important life event, Project Graduation has been instituted at Chaparral, and has been very well received.

Our goal is to have 100% of the graduates participate. We strive to offer a fun environment that keeps them entertained and engaged throughout the overnight hours of graduation night, and therefore safe and alcohol-free.

We are requesting support from the community would like to ask for a donation of \$100, \$250 or \$500 from community members or community business'. This money would help offset some of the additional expenses of hosting a very large group. CHAPTS is a 501c3 and your donation is tax deductible.

Please let us know what additional information you might need to come to a favorable decision to support Chaparral's Project Graduation 501c(3). It is our greatest hope that Project Graduation will be going strong for many years to come, with your help this will be a reality! Thank your in advance for your support.

Regards,

Carla Monson-Project Grad Chair 2018
